

# Survey of 1,000,000 Senior Voters

## Concerning The Threat to Social Security by the Socialist Left

**ABOUT THIS SURVEY:** 60 PLUS will deliver a report on the results of this survey to every member of Congress, President **Joe Biden**, his top advisors, and the news media.

**INSTRUCTIONS:** Please mark the answers that come closest to your view. Leave questions blank you prefer not to answer. Only the overall tabulated results will be distributed.

**ISSUE SUMMARY:** On President Trump's final day in office on January 20, 2021, the average price of a gallon of regular gas in America was **\$2.09**. So the price of a gallon of gas is up 70% under **Joe Biden**. It's the view of **60 Plus** that this is a direct result of Joe Biden's announced war on fossil fuels. On his first day in office, he cancelled the Keystone XL pipeline that was almost completed. He also banned all new oil drilling on federal lands. Joe Biden's Secretary of Transportation **Pete Buttigieg** has repeatedly praised the skyrocketing price of gas because he says this will help fight "climate change" by encouraging people to buy electric cars, which cost more than \$60,000 on average to buy.

**QUESTION 1:** How much blame do you place on **Joe Biden** and his policies for nearly doubling the cost of a gallon of gas?

- Biden is clearly to blame for this. He told us this was his goal.  
 Biden is somewhat to blame.  Biden is not to blame for this.  No Opinion

**ISSUE SUMMARY:** It's not just the price of gas that has skyrocketed under **Joe Biden**. A bag of groceries is 40% higher since Biden became President. Housing is 36% higher. Electric and utility bills are through the roof. It's the view of 60 PLUS and most economists that that this inflation is caused by a combination of the Biden Administration's war on American energy production plus Biden's more than \$4 TRILLION in additional spending – which has increased our national debt to \$32 TRILLION.

**QUESTION 2:** How much blame do you place on **Joe Biden's** more than \$4 TRILLION in new spending for causing the highest inflation rates we've seen in 41 years?

- Joe Biden's out-of-control spending and war on American energy independence are ENTIRELY responsible for the highest inflation rates we've seen in 41 years.  
 The Biden Administration is MOSTLY responsible for skyrocketing inflation.  
 Biden and his policies are NOT responsible for this inflation.  Not Sure

**QUESTION 3:** Who do you think was the better President for seniors – **Donald Trump** or **Joe Biden**?

- Donald Trump  Joe Biden

**QUESTION 4:** Who do you think was the better President for America overall – **Donald Trump** or **Joe Biden**?

- Donald Trump  Joe Biden

**QUESTION 5:** How would you rate Joe Biden's performance as President?

- Abysmal  Poor  Fair  Good  Excellent

**ISSUE SUMMARY:** President Trump has always been a strong supporter of Social Security and Medicare. As early as 2013, **Donald Trump** told the **Conservative Political Action Conference**:

*"As Republicans, if you think you are going to change very substantially for the worse Medicare, Medicaid and Social Security in any substantial way, and at the same time you think you are going to win elections, it just really is not going to happen... What we have to do and the way to solve our problems is to build a great economy."*

**Donald Trump** has always said: "We will never cut Social Security or Medicare. We will strengthen Social Security and Medicare."

**QUESTION #6:** Which President do you think was better for seniors: **President Trump**, or **Joe Biden**?

- President Trump  Joe Biden

**ISSUE SUMMARY:** President **Donald Trump** told us exactly what would happen if Biden became President: "The Biden [spending] plan would destroy Social Security," he said. This is what's happening. With \$4 TRILLION in new spending by Biden, the national debt is now \$32 TRILLION – which is \$620,000 owed by every American. The biggest pot of money Joe Biden and Democrats are looking to grab for their Big Government socialist spending schemes is Social Security (FICA) tax revenue.

**QUESTION 7:** How concerned are you that **Joe Biden** and the Left will find ways to grab Social Security (FICA) tax revenue to fund their manic Big Government socialist spending schemes . . . and are doing this now?

- Very Concerned  Concerned  Not Concerned  Not Sure

**ISSUE SUMMARY:** Currently, Social Security (FICA) tax revenue is treated as no different from general tax revenue. Social Security money, under current law, can be spent on anything **Joe Biden** and Congress choose to spend it. There are no legal protections for your Social Security income. We at **60 Plus** are mobilizing millions of American seniors to pressure Congress to pass the "**Social Security Guarantee Act**" – which, if enacted, would accomplish these four crucial things to protect your Social Security:

1) **Guarantees** the right of American seniors to receive Social Security benefits "in full with an accurate annual cost-of-living adjustment."

Under current law, you have no legal protection for your Social Security income. Tax money collected to fund Social Security (FICA) is just combined with **GENERAL** tax revenue and can be spent (squandered) by Congress on anything they please.

2) **Guarantees** that you will continue to receive Social Security by treating your Social Security benefits as your legal property – in the same way that your home is property.

3) **You would receive a Certificate** from the U.S. Treasury Department certifying that your Social Security benefits belong to you, not the U.S. government, and can never be taken away – similar to a U.S. Treasury bond.

**QUESTION 8:** What is your opinion of the **Social Security Guarantee Act**, as proposed by the **60 Plus Association** and that has been introduced in Congress by conservative Republican Alex Mooney?

- Strongly Support  Support  Oppose  Strongly Oppose  Not Sure

**ISSUE SUMMARY:** The 60 PLUS ASSOCIATION is the only seniors organization pushing Congress to pass this law that makes your Social Security money that you earned your property and that can never be taken away by government. The Democrats always accuse Republicans and conservatives of wanting to cut Social Security. But the opposite is the truth. The real enemy of Social Security is Democrats because the only way they can fund their out-of-control spending is with more money printing, which causes rampant inflation, and by using Social Security tax revenue to fund their out-of-control spending.

**QUESTION 9:** How important is it to you to have a conservative seniors organization that is truly protecting your Social Security (FICA) tax revenue from being diverted to fund the Democrat Party's Big Government socialist spending schemes – in stark contrast to AARP, which is effectively an arm of the Democrat Party?

- Very Important  Important  Not Important. I Support the Democrat Party  No Opinion
